✓ **1.99%** for one year **OR** **2.99%** for two years ✓

► Offer ends August 31, 2021 ◀

Offer is available for new applications submitted from April 1 to August 31, 2021 by TrueCore members only. Your choice of the 1.99% promotional rate for a one-year term or the 2.99% promotional rate for a two-year term is available on Home Equity Lines of Credit with an 80% loan-to-value (LTV) or less. The introductory interest rate will be fixed from inception through the initial discount term of one or two years. After the introductory period, the interest rate is variable and is based upon an index plus a margin. The interest rate will vary with Prime Rate (the index) as published in the Wall Street Journal. As of December 31, 2020, the variable rates for Home Equity Lines of Credit range from 3.00% to 18.00%. Higher rates may apply due to an increase in the Prime Rate, a credit limit below \$25,000, and/or a low credit score. The rate will not vary above 18% or below 1.99%. Loans are subject to credit approval and program guidelines. Interest rates and program terms are subject to change without notice. Property insurance is required. Member pays no closing costs if the loan is above \$25,000, unless the loan is paid in full and closed within 36 months. If the loan is paid in full and closed within 36 months, the member is responsible for repaying all fees associated with obtaining the loan. Equal Housing Lender. Federally insured by the NCUA.
